Police Questioning School Children in School During School Hours

Students may be questioned by police in school regarding a school-related matter. Students may be questioned in school during school hours in the presence of school principal or designee, and a parent when possible and appropriate. The parent will be notified prior to questioning except in the event of an emergency or when the parent cannot be reached. In that event, the parent will be notified of what transpired as soon as practicable.

The Milford Board of Education opposes the practice of questioning students in school for events which occur outside of school.
