

Students

Eligibility for Senior Awards

Students who do not graduate with their graduating class (in four years time) can return to either high school for a fifth year under the following conditions:

- A. A student who is one to two credits short of graduation must make every attempt to complete these credits in summer school before registering for a fifth year.
- B. Students who return for a fifth year are expected to take 5 1/2 credits like all other students by a shortened day may be allowed pending approval of the school principal.
- C. Fifth year students will be required to sign a contract indicating that their behavior and attendance will be in accordance with school rules. Inappropriate behavior and attendance results in the loss of privileges to attend for the fifth year.
- D. Contingent upon satisfactory behavior, alternative education and adult education may be options for fifth year students.
